SANDY DISPOSITION

Come 2018, Baja's eastern shore will become even more luxurious with the opening of **FOUR SEASONS RESORT LOS CABOS AT COSTA PALMAS**. Part of the exclusive Costa Palmas resort community, the new 147-key resort and residences will feature a private marina (with its own marina village) and a members-only beach and yacht club—all set along the white-sand beach of the Sea of Cortez. Whole-ownership opportunities include oceanfront, marina- and golf-side private residences in addition to custom single-family beachfront private villas. Residents and resort guests will also have access to multiple pools, five distinct dining outlets, a Robert Trent Jones II signature 18-hole golf course, a full-service spa, fitness facilities and more. costapalmas.com. —Melissa Larsen
